John -

I have done an inspection on 09/30/2014 (see attached) and the new small mine operator re-disturbed the original operators reclamation. I have a full bond on the new operator in the amount of \$36,700. I would like to release the remaining \$3,000 for revegetation. Please send your concurrence via email.

Leslie,

SITLA concurs in release of the remaining \$3,000 reclamation bond to the R.E. Miller estate, for the gypsite mine site originally disturbed under SITLA mineral lease ML 51305. I understand that you currently hold a \$36,700 replacement bond from Western Gypsite, LLC which presently operates at the site under ML 52085-MP, which permit is due to expire on February 1, 2015. Thank you.

John T. Blake
